Gentlemen:

The Warrenton Chamber of Commerce has discussed at length the dredging of the Skipanon River, and we would like to add our request that everything possible be done to co-operate with the engineers in this project.

We are aware that dredging of the Skipanon River is important to both the commercial as well as the non-commercial fishing industry and we hope that every effort will be made to see this project through as quickly as possible.

Sincerely yours,

Warrenton Chamber of Commerce
